ABSTRACT

Over 1,000 entries are presented in this bibliography of resources about women. Subject categories include the following: abortion; academia; art; biography; black women; business, banking, and economics; crime; day care; education; employment; health; history; Jewish women; lesbianism; literary works; medicine; music; national studies; police work; prostitution; psychology; rape; religion; science; sex roles, differences, and identity; sexuality; sports; suffrage and the history of women's rights; and the women's liberation movement. Entries are listed alphabetically by author in 51 different categories. Almost all of the references were published during the 20th century, and most are within the past 15-25 years. Information is given on author, title, publisher, and publication date. An index of titles, topics, and authors is included. (AV)
